

**UP TRADING**

UNLIMITED PETROCHEMICAL TRADING L.L.C

**COMPANY PROFILE**

# About us

UP TRADING is an appealing combination of impressive industry experience and open-minded ambition, with the expectation that the company will expand in response to specific market needs. Reliability, capability and flexibility are embedded in the UP TRADING approach thanks to a deep understanding of the petrochemical commodity business across the team.

## Who we are

Reliability, capability and flexibility are embedded in the **UP TRADING** approach thanks to a deep understanding of the chemical and plastic commodity business across the team.

Decades of industry experience is coupled with an extensive global network, enabling us to consistently provide appealing solutions.

## What we do

With an established client base giving **UP TRADING** a solid foundation, we are in a strong position to deliver preferential solutions. Through adding value to the supply chain between producers and end users of polymers, plastics and feedstock products, UP TRADING is increasingly the preferred trading partner for our customers.

## Mission

UNLIMITED PETROCHEMICAL TRADING L.L.C (UP TRADING) is increasingly quoted as the preferred trading partner for petrochemical commodities and other raw materials for industrial applications. We have proudly earned this reputation by consistently offering an agile partnership to our trading customers that utilises our extensive market knowledge in collaboration with our reliable access to a wide portfolio of products.

## Vision

UP TRADING management takes the lead in ensuring the company contributes positively to society through the intelligent promotion of useful products and services, delivered in a trustworthy and transparent manner. With the disclosure of corporate information communicated clearly, the active management of environmental issues and the proud acceptance that maintaining a pleasant and motivating corporate workplace is good for all, UP TRADING continues to earn its reputation for excellence. We are delighted to share this achievement with our customers and future customers.

# value

UP TRADING values relationships. Relationships with our partners, our suppliers, our employees, our neighbours, and the environment. We know that if we take great care to nurture and protect these relationships we will continue to achieve these ambitious aims for our mutual benefit. This manifests itself through transparent trading, long-term partnerships and consistent competitive results, with each customer afforded a tailor-made solution that reflects their particular requirement.

## **Corporate social responsibility**

The Corporate Social Responsibility (CSR) of UP TRADING is evident in the carefully-selected platforms with whom we trade. We have defined a charter of CSR behaviours that we are proud to comply with, and we actively encourage our teams to implement and enhance this at all times. UP TRADING believes that by working in a manner that is both responsible and positive, we will continue to create and maintain a desirable virtuous circle across our network of producers and customers.

# Services

## Trading

Cooperation with our suppliers and customers is a process of systematic exchange of knowledge and solutions. Qualified UP TRADING team provides a smooth flow of information about the offer and the execution of the order. We buy products that meet the highest quality requirements. As a professional trading company that is keen to stay nimble and in-step with our markets' changing demands, UP TRADING is ready to communicate with customers and potential customers regarding import and export opportunities.

# Services

## Logistics

By following UP TRADING customers key requirement – the right quality at the right time – every day we make sure that we operate properly. Our long-standing logistics expertise enable us to deliver raw materials to our customers on-site and on-time.

UP TRADING organizes the transport of products in cooperation with reliable and proven logistic partners. UP TRADING services are comprehensive, including warehousing of goods, as well as road, rail, sea and intermodal transporting solutions.
